Women of **STEAM Forum** launched

TIMES NEWS NETWORK

Chennai: The Andhra Chamber of Commerce on Monday launched the Women of STE-AM (Science, Technology, Eng-

ineering. Arts Mathemaand tics) Forum on the occasion of the chamber's 95th

annual year celebrations. It has been created to have focused conversations on STEAM by creating a convergence between the industry, academia, research and innovation teams, policy makers, government and other stakeholders.

In her address. Suchitra Ella, co-founder and managing director, Bharat Biotech said, India will be led by women when the country turns 100. "Indian women will play a major role in shaping India's growth story. Their presence in leadership roles in startups and the corporate sector is a testimony to their talent and commitment," she said.
